Joint Venture and Other Collaboration Agreement for the Oil & Gas Industry

Working in Partnership Joint Venture and Production Sharing Contract

19 - 23 Jan 2020, Dubai
16 - 20 Aug 2020, Dubai
Introduction

A Production Sharing Contract (PSC) is used in key oil and gas producing countries. Each of these have different approaches and levels of complexity. These complex agreements include a number of clauses that have particular legal interpretation and accompanying fiscal formulas. Therefore, it is crucial to have the correct understanding of the terms in order to calculate the formulas correctly and ensure a smooth agreement implementation.

During this training, delegates will acquire a clear understanding of the fundamentals Production Sharing Contracts (PSCs), along with Joint Operating Agreements (JOAs) negotiation techniques and strategies that work in international and multicultural settings. Delegates will also master how to effectively negotiate in concert with counsel and how to get the terms negotiated incorporated into an enforceable agreement.

The five-day CLOMACS Working in Partnership Joint Venture and Production Sharing Contract training course is specifically designed for professionals involved nationally and internationally in the oil and gas industry. It offers a unique opportunity to rapidly increase your understanding of the legal issues involved in Production Sharing Contracts (PSCs) and Joint Operating Agreements (JOAs) in various international scenarios and to improve your techniques and skills in drafting a variety of related contracts.

This CLOMACS training seminar will highlight:

- Evolution of the Production Sharing Contracts (PSCs), Service Agreements and concessionary systems
- Joint Operation Agreements (JOA)
- Comparisons of model Production Sharing Contracts (PSCs) in various countries
- Negotiation techniques and the role of counsel
- Explanation and analysis of key provisions to make the Production Sharing Contract (PSC) work

Objectives

By end of this CLOMACS training seminars, delegates will:

- Understand the evolution of the Production Sharing Contracts (PSCs), Joint Operation Agreements (JOA), and Service Agreements
- Learn the negotiation techniques and the role of counsel
- Differentiate the comparisons of model Production Sharing Contracts (PSCs), in various countries
- Identify and analyse the key provisions to make the Production Sharing Contract (PSC), work
- Know the Production Sharing Contracts (PSCs), arrangements within the host government contracts framework
- Avoid commonly occurring causes of disputes and to gain knowledge on International Dispute Resolution Framework and Institutions: how to negotiate arbitration clauses
- Understand the common problems and pitfalls in negotiating Production Sharing Contracts (PSCs)

Training Methodology

This CLOMACS interactive training course on Working in Partnership Joint Venture and Production Sharing Contract will provide the participants an ideal opportunity to improve and sharpen their skill sets in planning, negotiating and managing Production Sharing Contracts (PSCs). Joint Operation Agreements (JOAs) through interactive session with role playing, case studies, discussion groups and scenario building and the high-point of the training course being a simulation exercise of Production Sharing Contracts (PSCs) and Joint Operation Agreements (JOAs) negotiation involving interactive role play by the participants. The objective of the interactive role play is to enable participants to apply the knowledge and understanding gained at the workshop to negotiate a more effective Production Sharing Contracts (PSCs) and Joint Operation Agreements (JOAs). This will help participants gain practical insights into managing the risks and enhancing their rewards.

Organisational Impact

Production Sharing Contracts (PSCs) are used in key oil and gas producing countries. Each of these have different approaches and levels of complexity.
